---

Hi, Susan!

Katherine Mishkin is back from her maternity leave. Please cc her on any groundwater work for Cabo Rojo.

thanks

Enjoy the holidays!

Denise

Buenas tardes Denise,

I hope you are well and looking forward to the holidays. Will you be taking leave during the Christmas/New Years timeframe?

I just got word from FLUTe that they were able to move up the construction of our two FLUTe systems – they will be shipped to Puerto Rico this week and I have booked their installation crew for the week of January 13, 2014. This was their earliest available date. I am assuming they can complete the installation in less than a week, so we should be ready to collect the round of monitoring well samples starting the week of January 20 or 27. I will be submitting a CLP/DESA lab request toward the end of December for the sampling.

Best,

Susan
